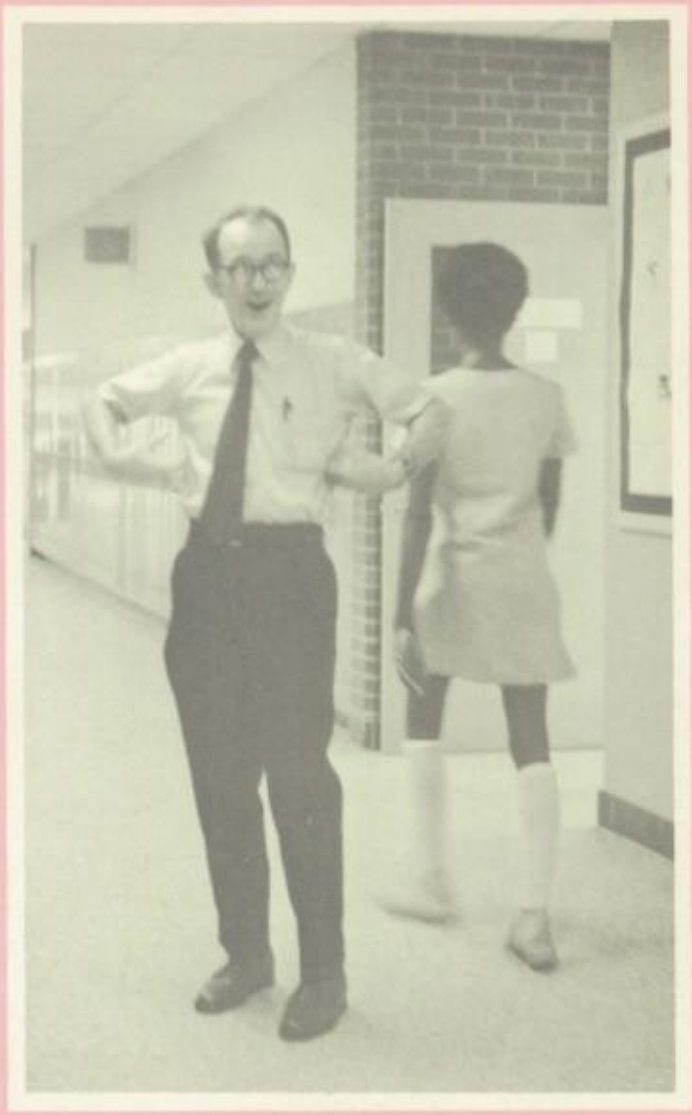
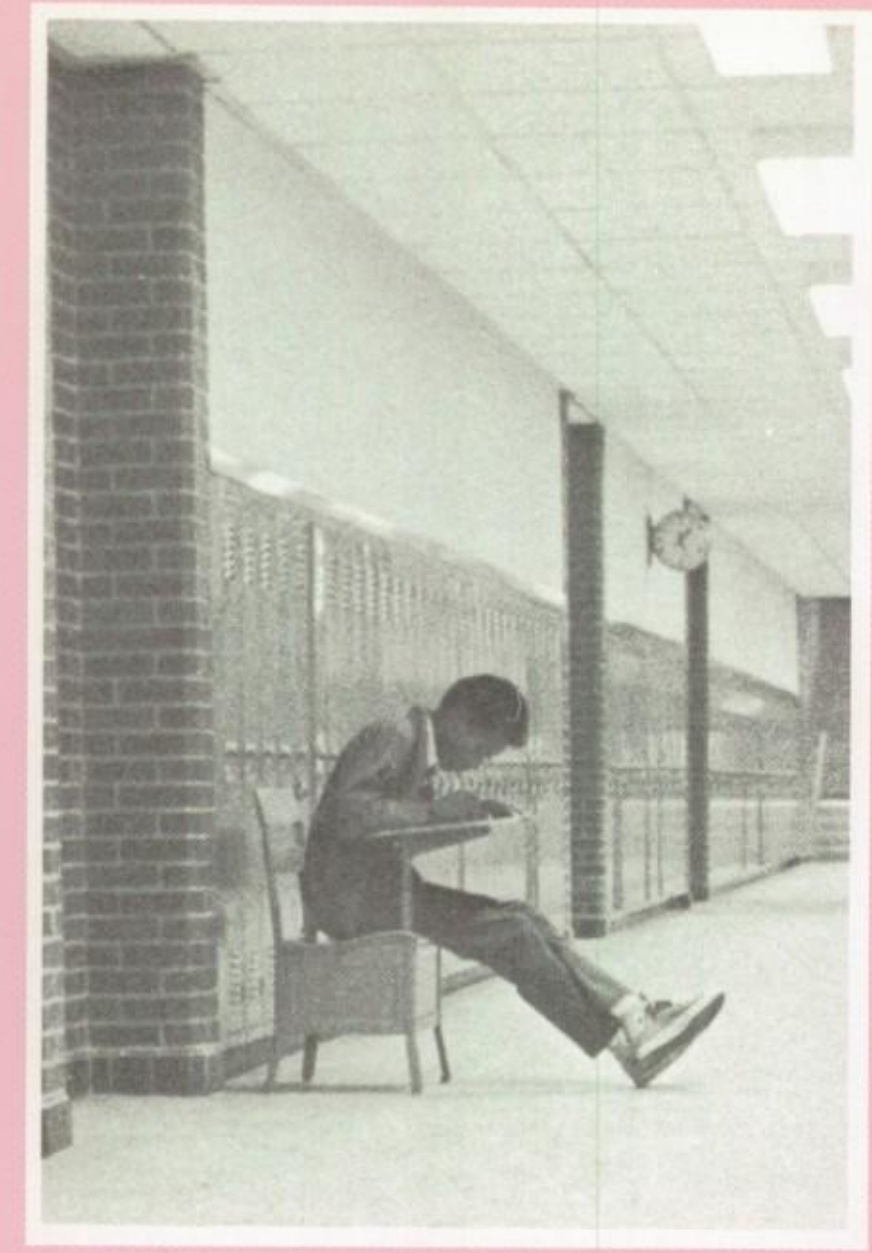
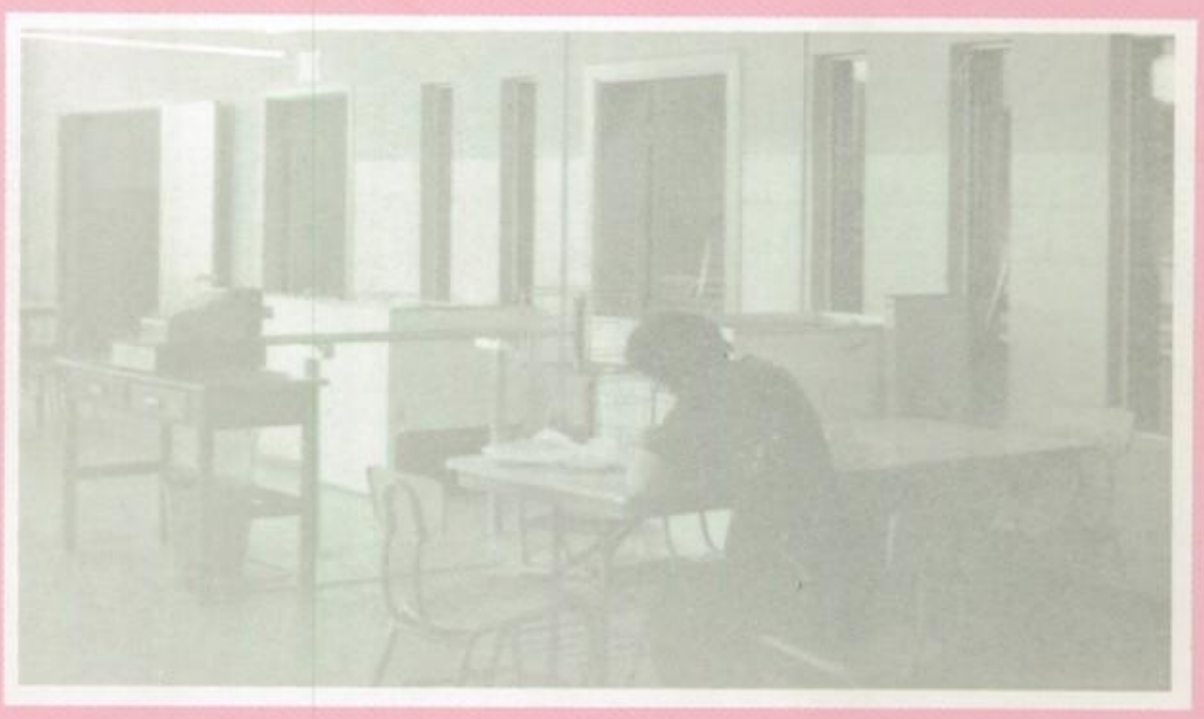
Trying to express in words what someone who is an integral part of Forest Glen means to the school is very difficult indeed. Someone has to do the disciplinary "dirty" – work; no one does it more nobly than this person. Someone has to listen to students' complaints; no one does it with more understanding. Someone has to let the students know that there is one school official on their side; no one bridges the gap between students and administration with greater success. Through the years, students at Forest Glen have come to know and respect this person as a friend and confident. Countless times he has cooled down hot tempers and smoothed over areas of conflict– thus has kept the peace at school. He has constantly provided humor where little exists, and thus lightened the burden of school. He has truly given all of himself for the benefit of the students though so often he goes unnoticed–an unsung hero. It is therefore with great pride and gratitude that we, the Forester staff and the Beta Club, dedicate the 1972-1973 to Jennings Byran Spinks.





"I know I am solid
and sound,
to me the converging
objects of the
universe perpetually
flow,
all are written to me."
Whitman

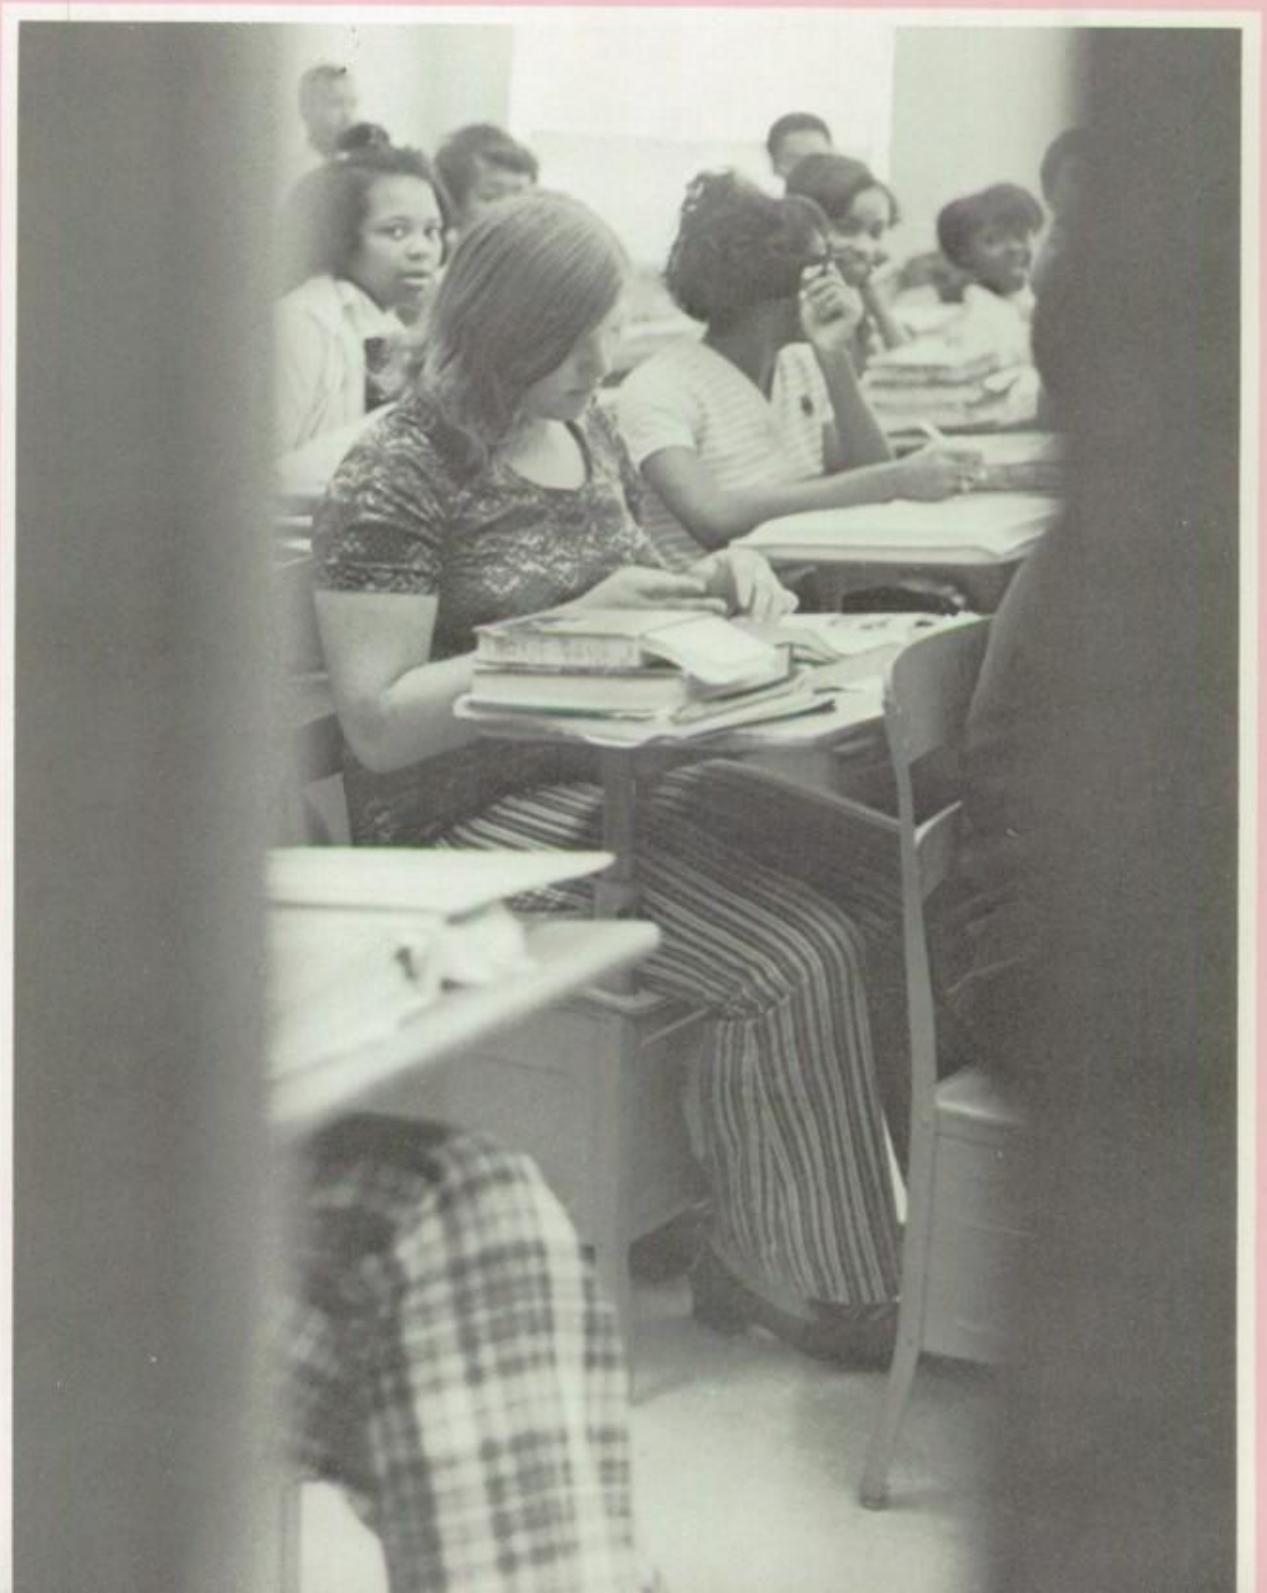
Your attempt to find yourself
is the first step of your
eternal life. By discovering
your own personal Truth, the
meaning behind your existence,
you are permitted a small glimpse
of the Infinite Truth.



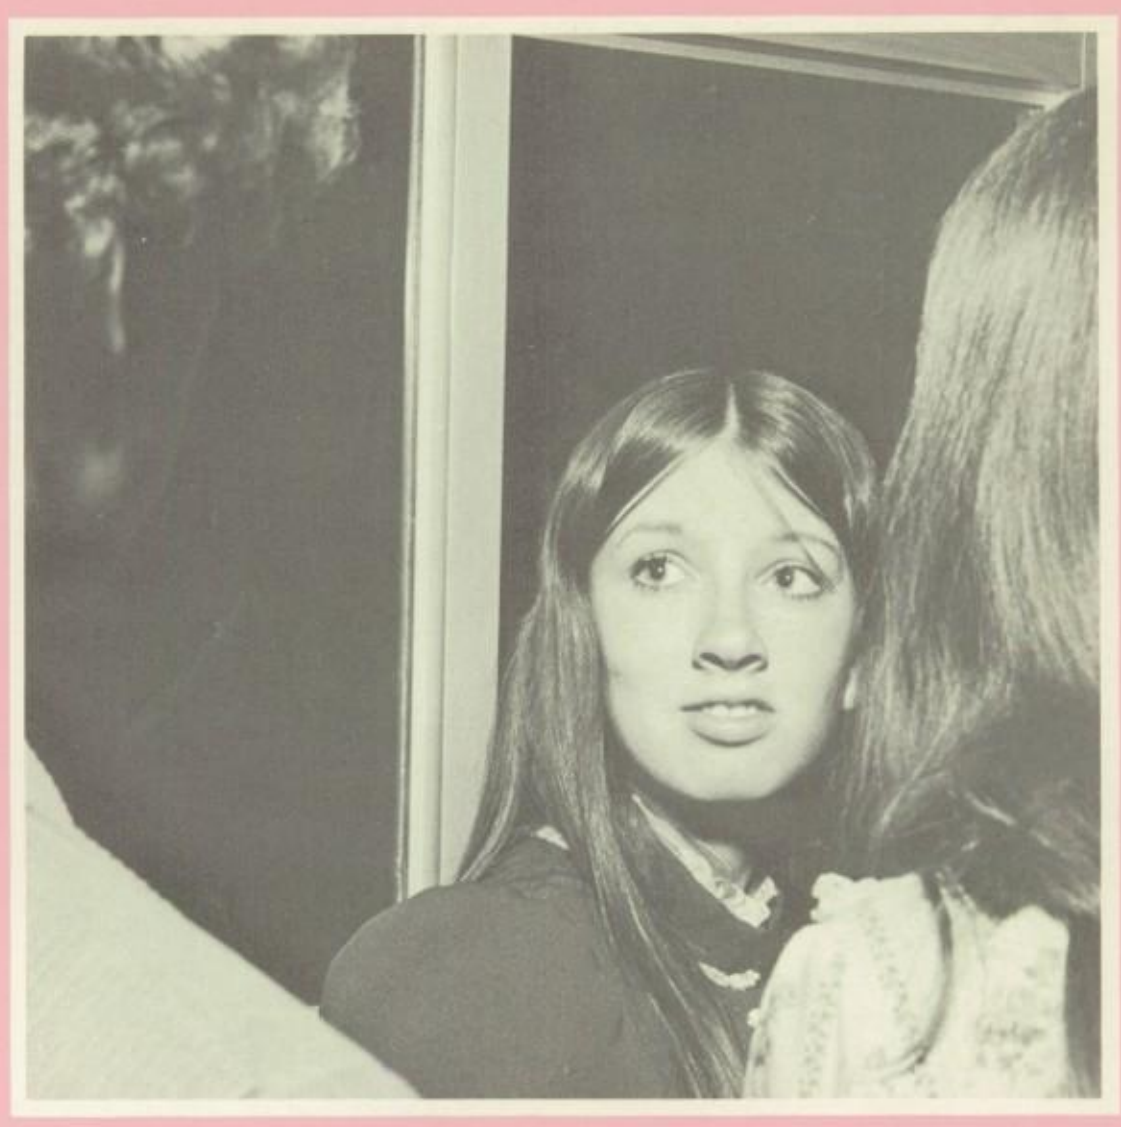
Man is a being of
beautiful oneness.
He exists as a finite
body, yet his portion
of the eternal spirit
which dwells within
knows neither death
nor end.

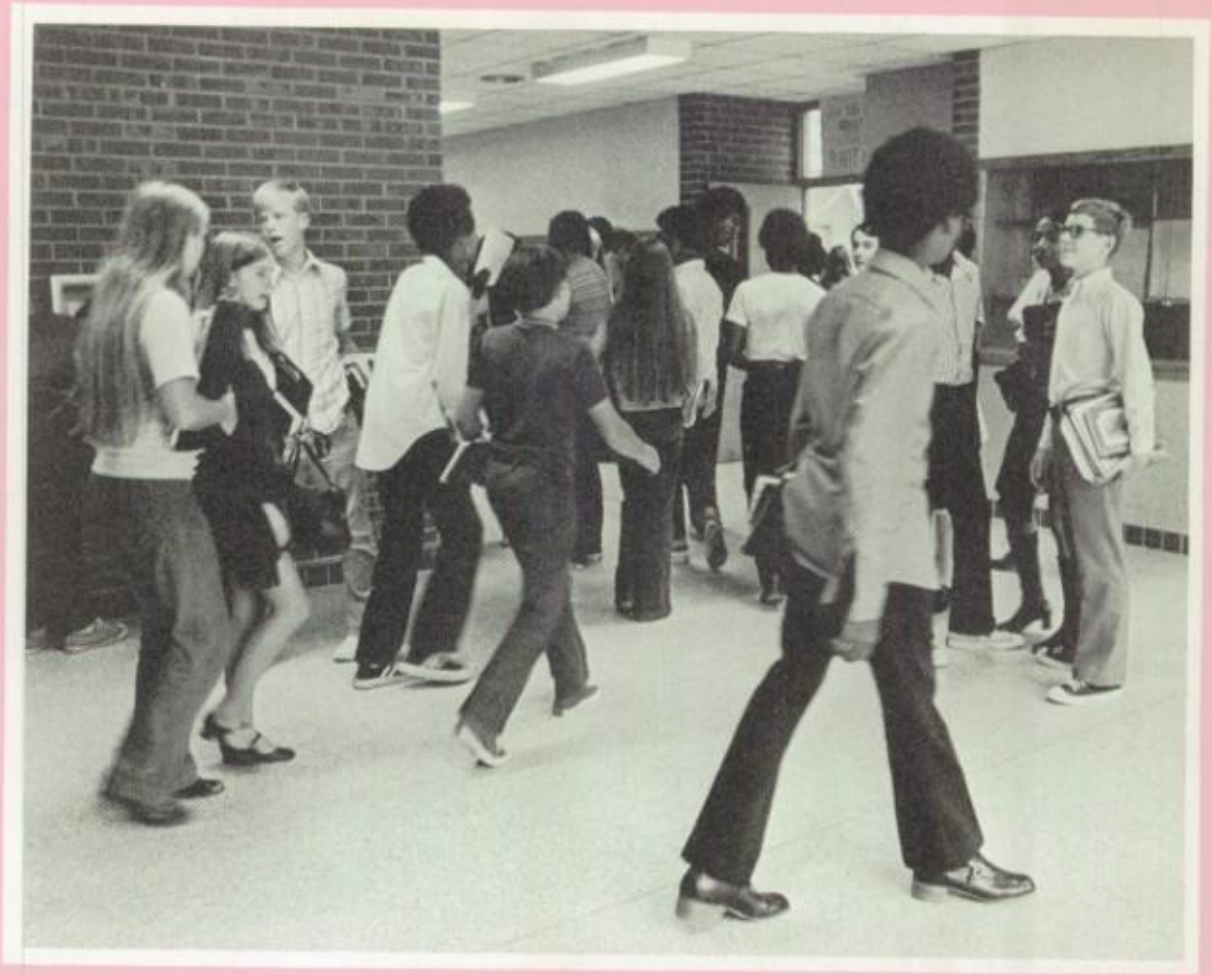
"Each man's life represents a road toward himself, an attempt at such a road, the intimation of a path."

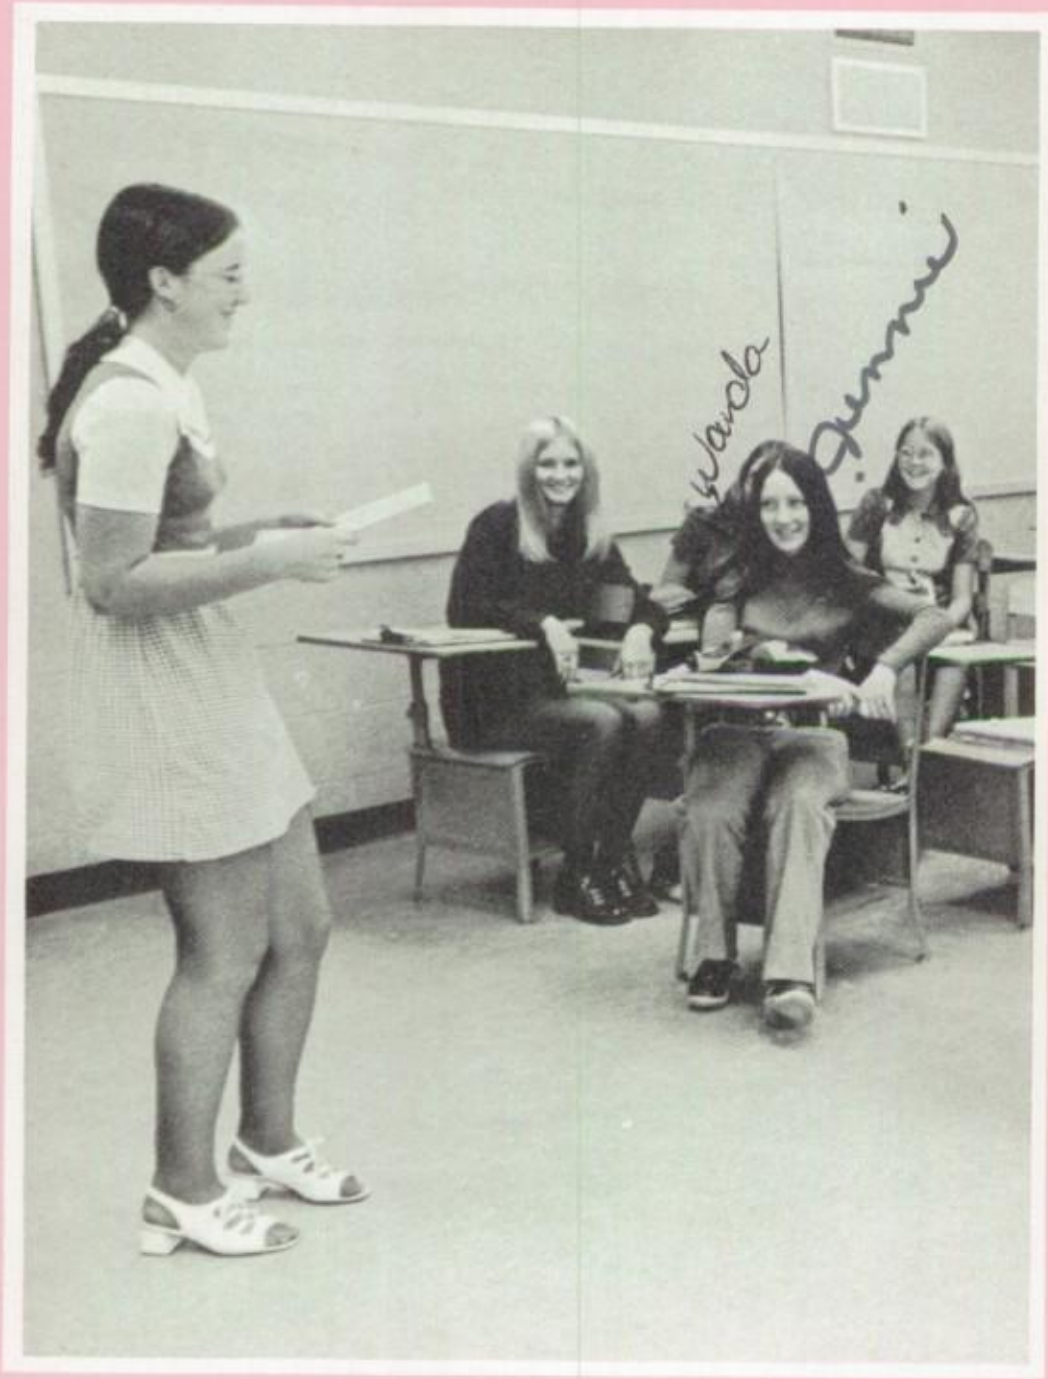
Hesse



"The whole theory
of the universe
is directed
unerringly to
one single
individual—
namely to You."
Walt Whitman





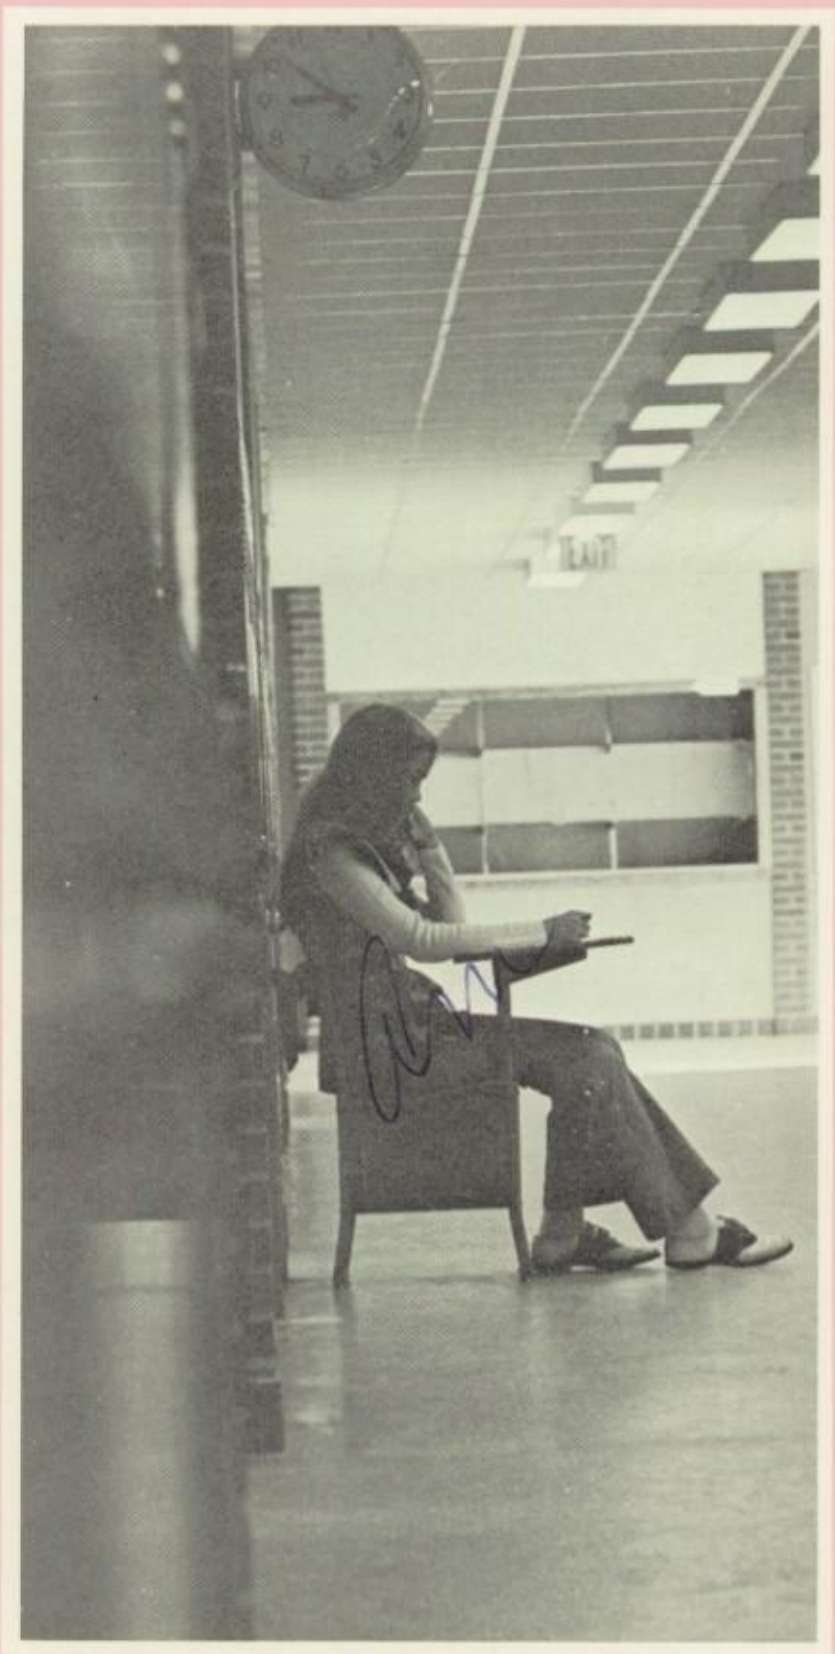


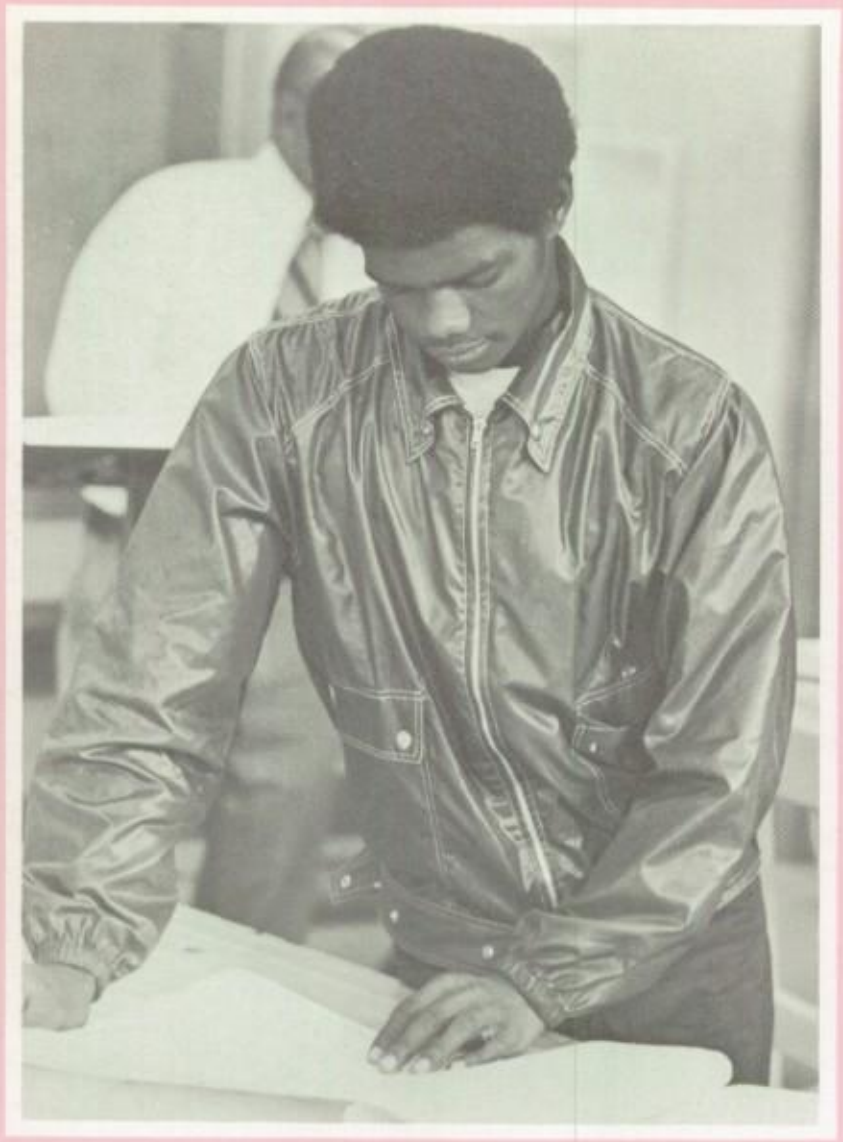
"A people, it appears, may be progressive for a certain length of time, and then stop.
When does it stop?
When it ceases to possess individuality."

John Stuart Mills

"I celebrate myself, and sing
myself.
And what I assume you shall assume,
For every atom belonging to me as good
belongs to you."

Walt Whitman.

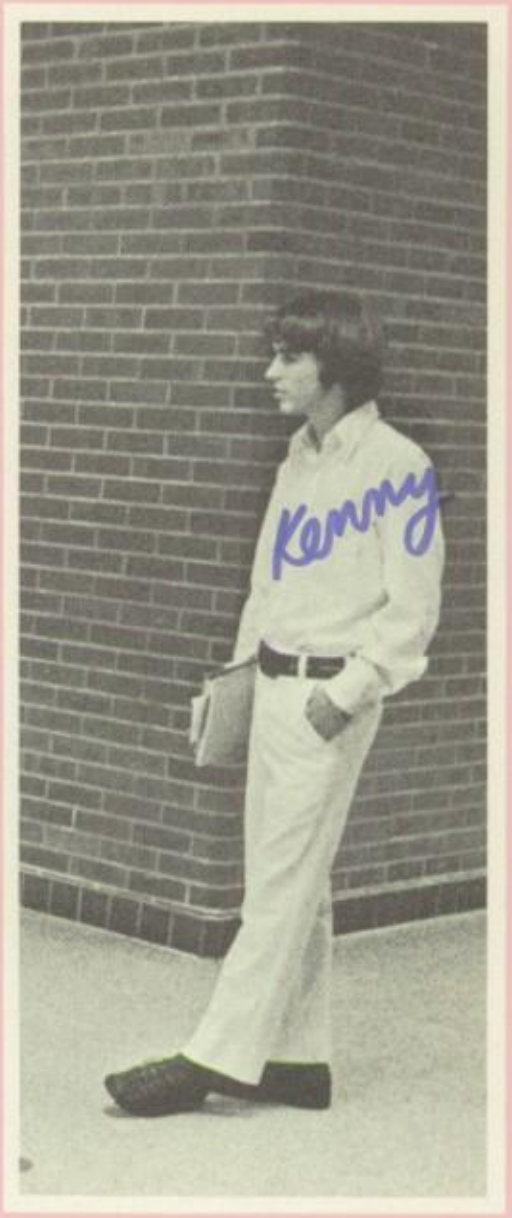




"I . . . am a seeker,
but I have ceased
to question stars
and books;
I have begun to
listen to the
teachings my blood
whispers to me."
Hesse

How can a human being
have sense for anything
if he does not have
the germ of it within
himself?
Whatever I am to
understand must
develop organically
within me;
and whatever I seem to
be learning is only a
feeding, an inticement
to the organism."
Novalis

"... what
Nature
wants
of man
stands
indelibly
written
in the
individual,
in you,
in me."
Hesse

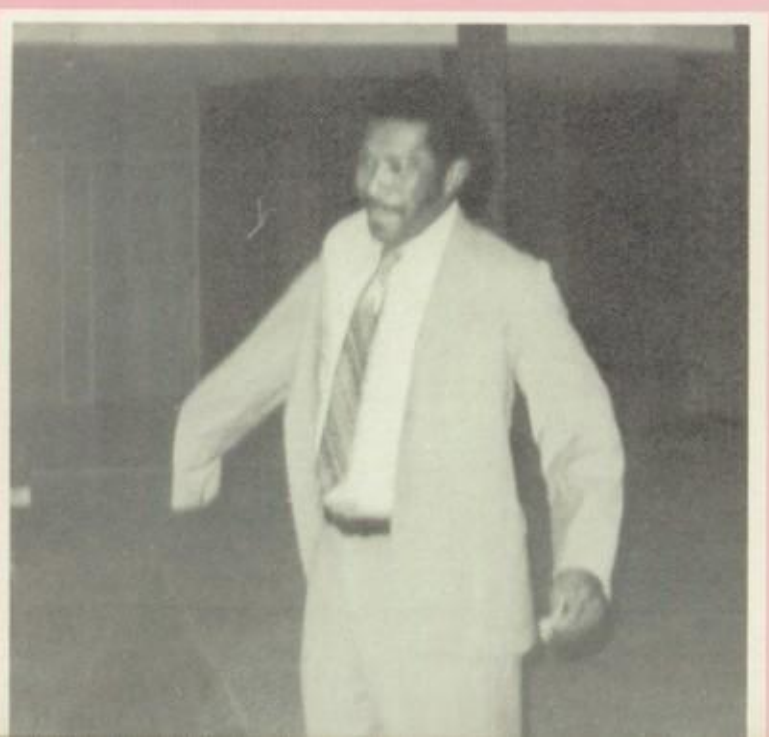


"I announce
the great
individual,
fluid as
Nature,
chaste,
affectionate,
compassionate,
fully arm'd"
Whitman

"The secret
of the
universe,
as by slow
degrees it
reveals
itself to
us,
turns out
to be
personality."
J. C. Powys

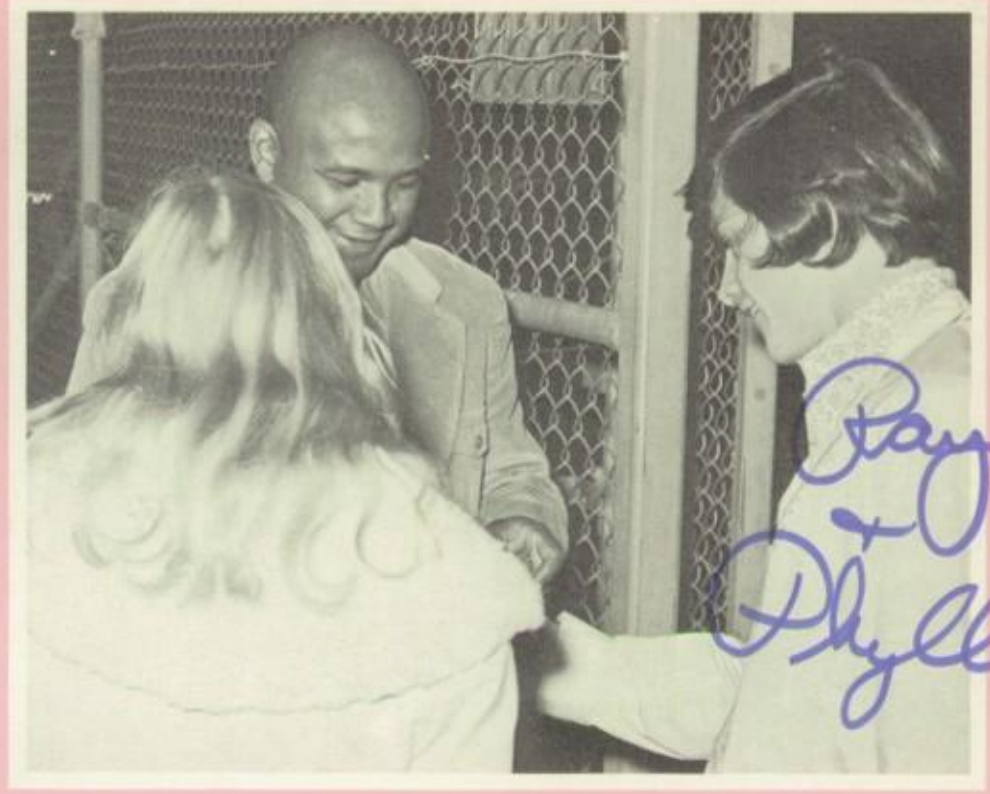
"Every man has three characters: that which he exhibits, that which he has, and that which he thinks he has."

Alphonse Karr



"Each man has only one genuine vocation — to find the way to himself."

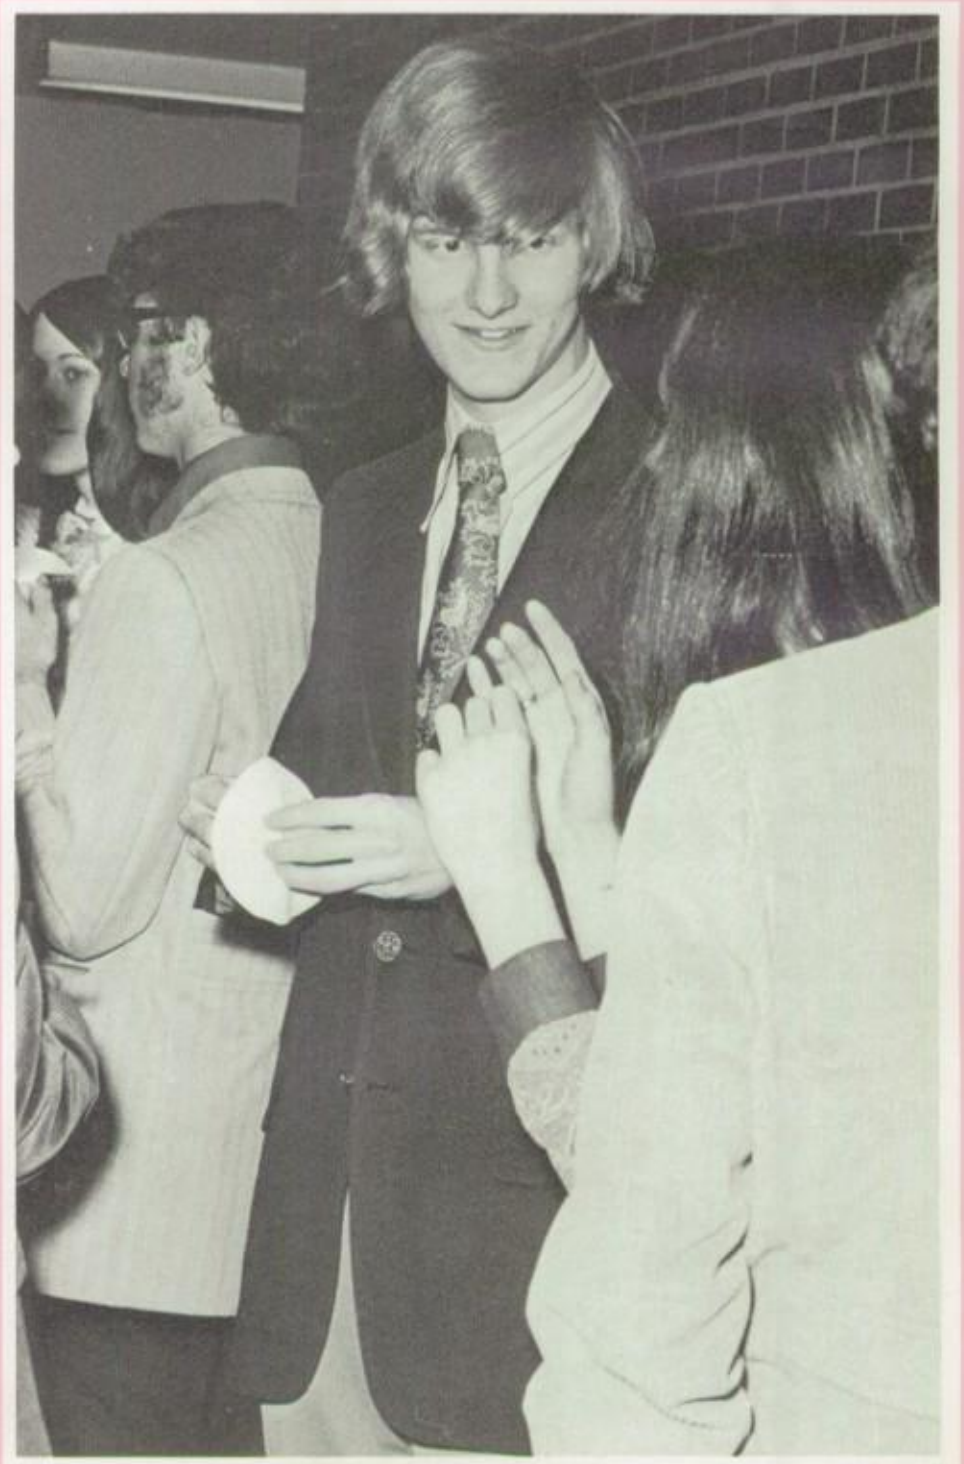
Hesse



Love to
Phyllis!

"There is no reality
except the one con-
tained within us."
Hesse

"I am bigger than
anything that can
happen to me.
All these things,
sorrow,
misfortune,
and suffering,
are outside my door.
I am in the house
and I have a key."
Lummis



"I wear my hat as I
please indoors or out.
Why should I pray?
Why should I venerate
and be ceremonious?
Having pried through
the strata,
analyzed to a hair,
counsl'd with doctors
and calculated close,
I find no sweeter fat
than sticks to my own
bones."
Whitman

SCA ELECTIONS

In May, 1972, elections for SCA officers were held. The week preceeding election day was filled with posters, campaign buttons, and politicking. The day before elections consisted mainly of speeches by campaign managers, candidates, and students pledging their support.

EIGHTH GRADE ORIENTATION

Thetamores and their parents await the assembly.

On August 25, 1972, an orientation was held for the upcoming eighth graders. They were welcomed by Mr. March and given a copy of their daily schedule. They rushed to find their homerooms, and from there went to each class to get acquainted with their teachers. The orientation was designed to introduce them to a new, strange school, to help them meet new friends, and most of all, to make them feel more a part of Forest Glen!

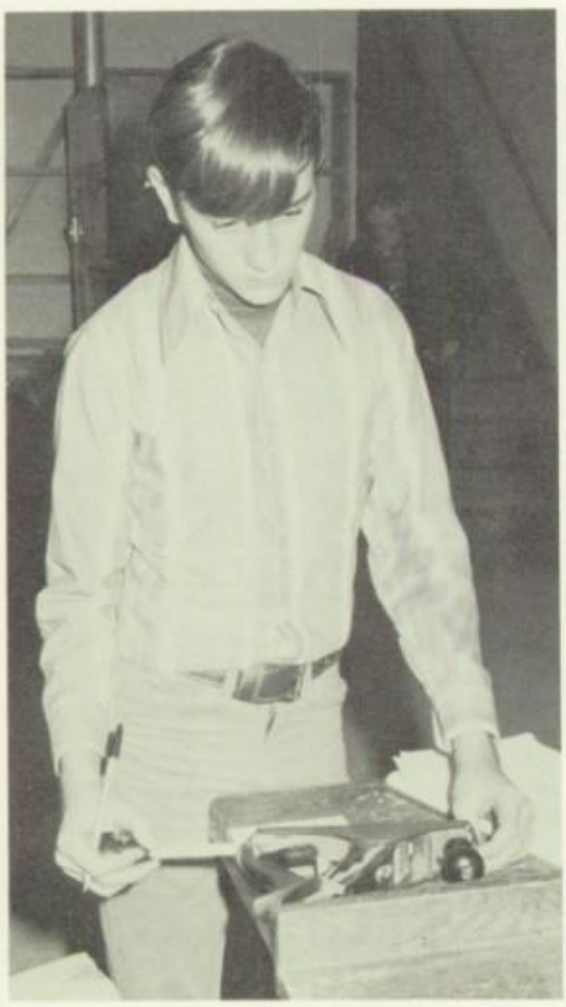
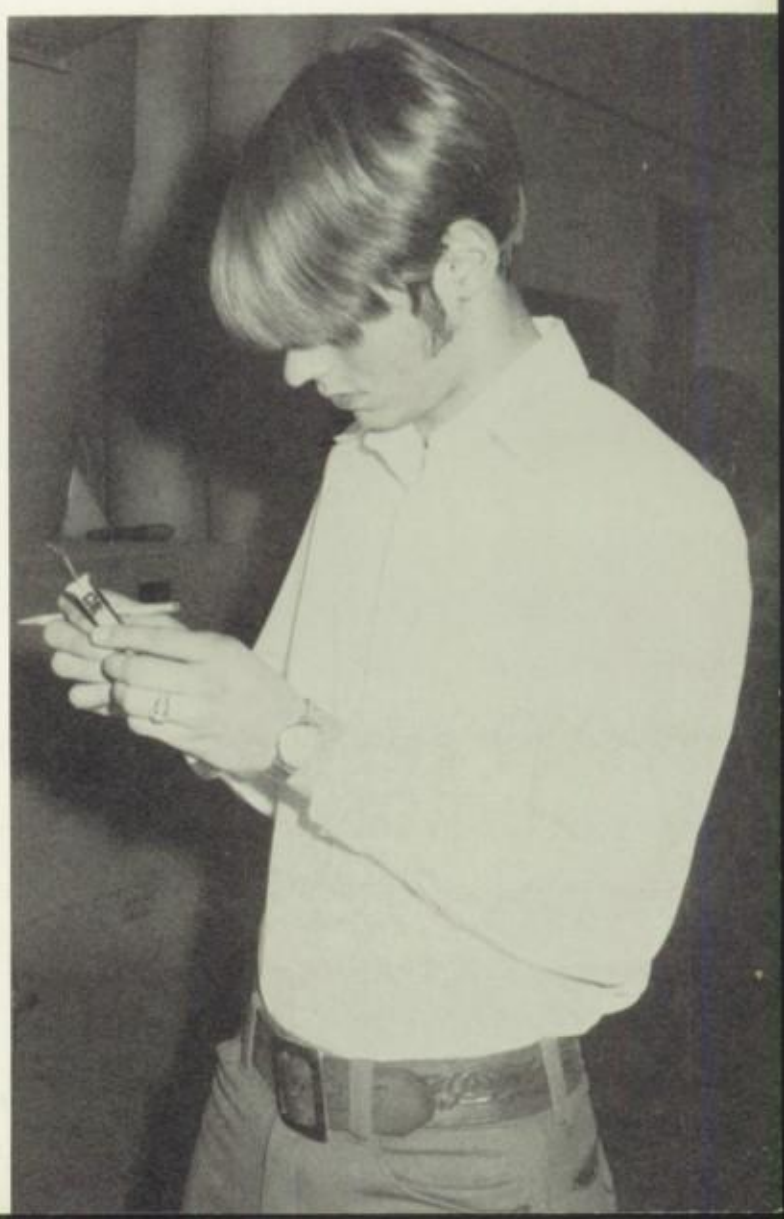
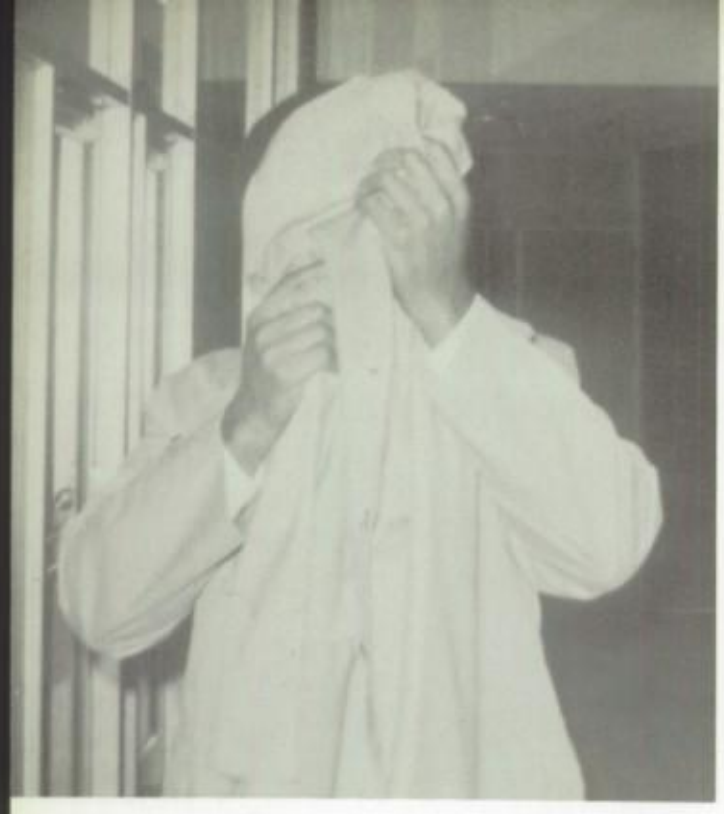
don. cadellitísimo jorje álison moreno y párquer jéis de la Montaña de Hielo



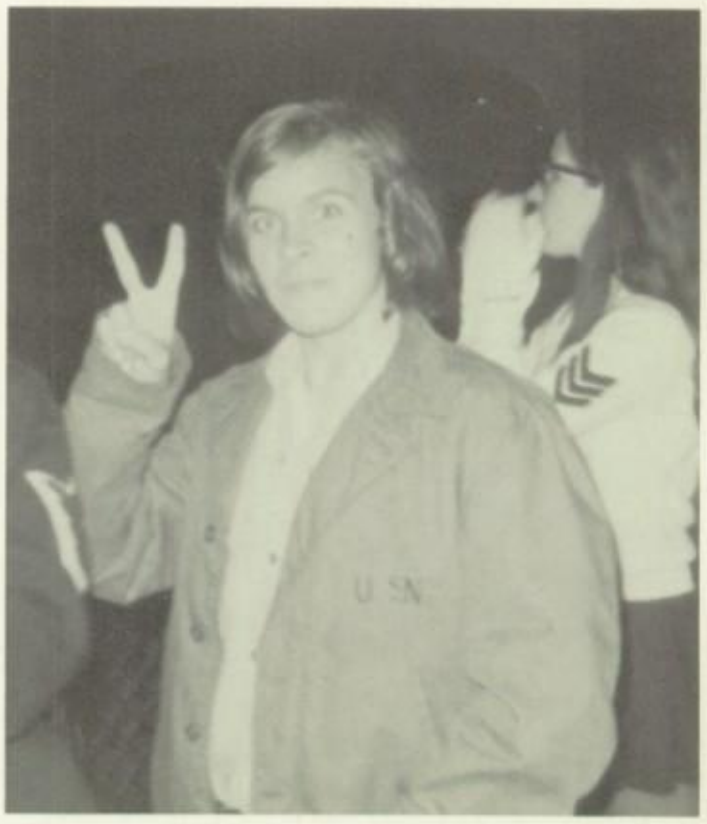
You are an individual,
Born to discover your
oneness.



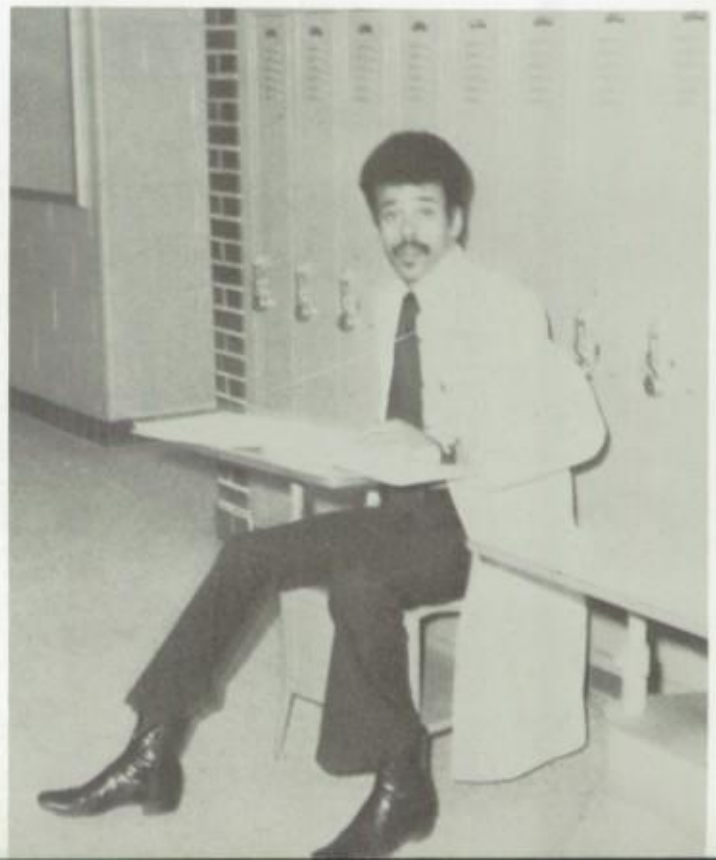


You exist as a separate
intelligence;

Yet, there is a Truth within you
which links your soul
To every being on the earth.

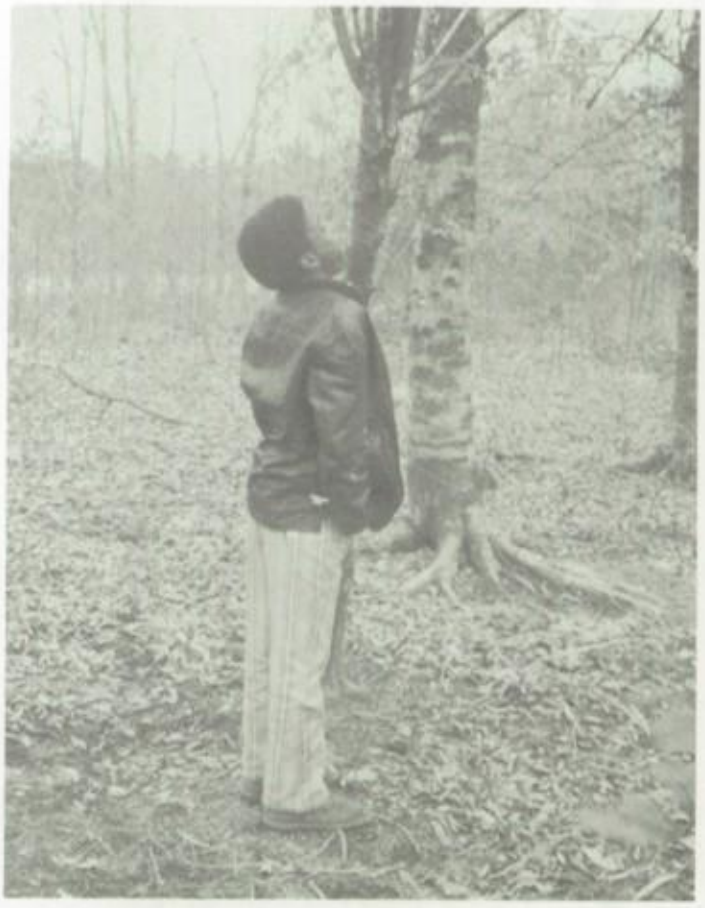


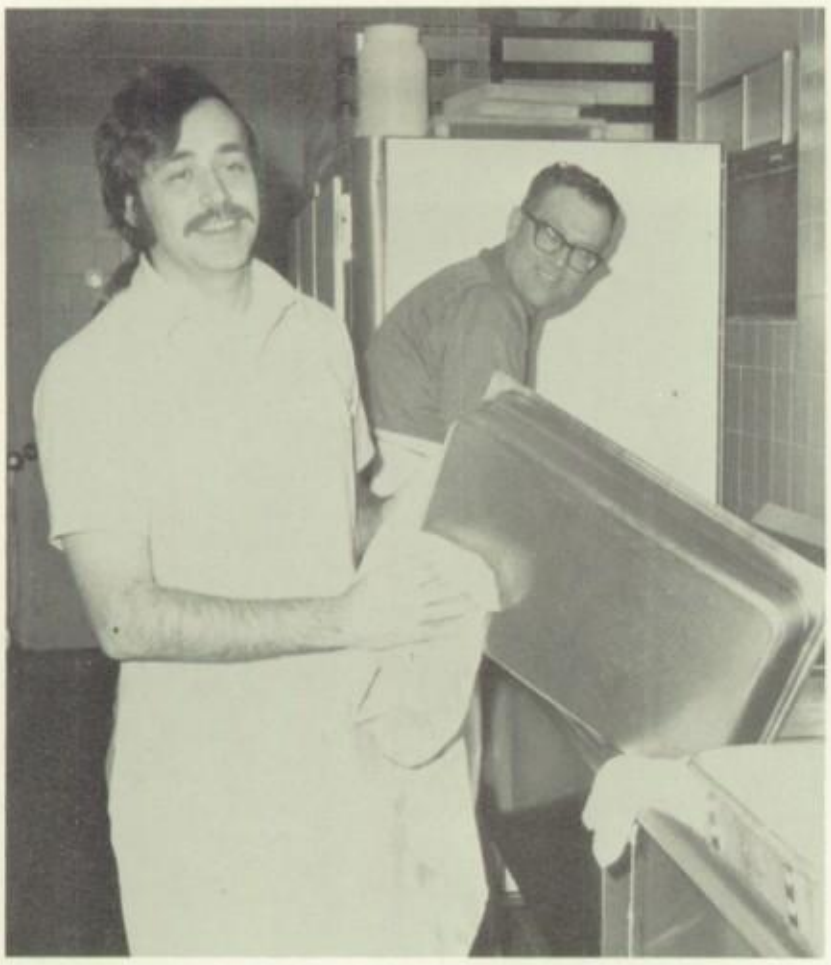
To be aware of your being,
To feel the spirit, the soul,
Of Nature within you,
Is to have accomplished the great,
The inimitable.

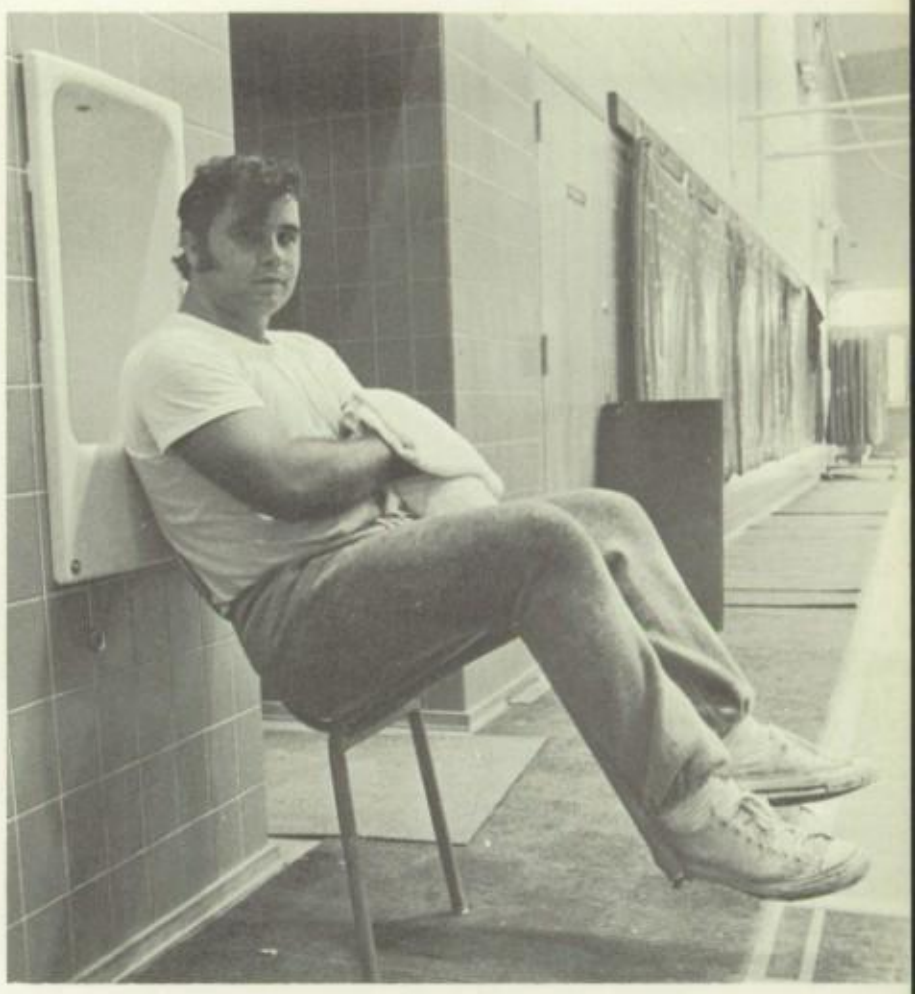


What purer, more basic beauty
is there
Than that of your soul?

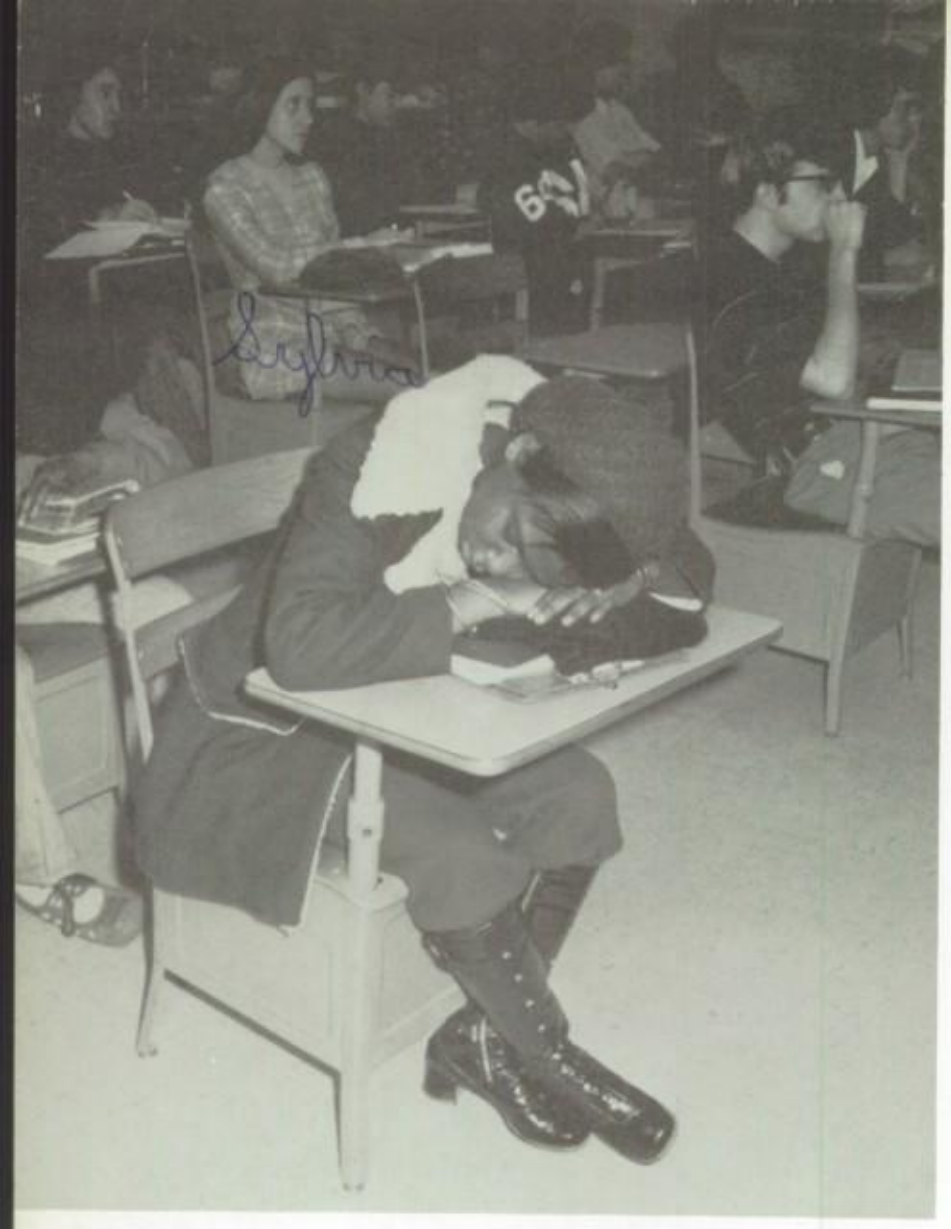
Walk by yourself in the woods
And, in Nature's world,
Think about who you are;
Soon, you will have come home,
And will have discovered
The astounding beauty
Of your very existence.

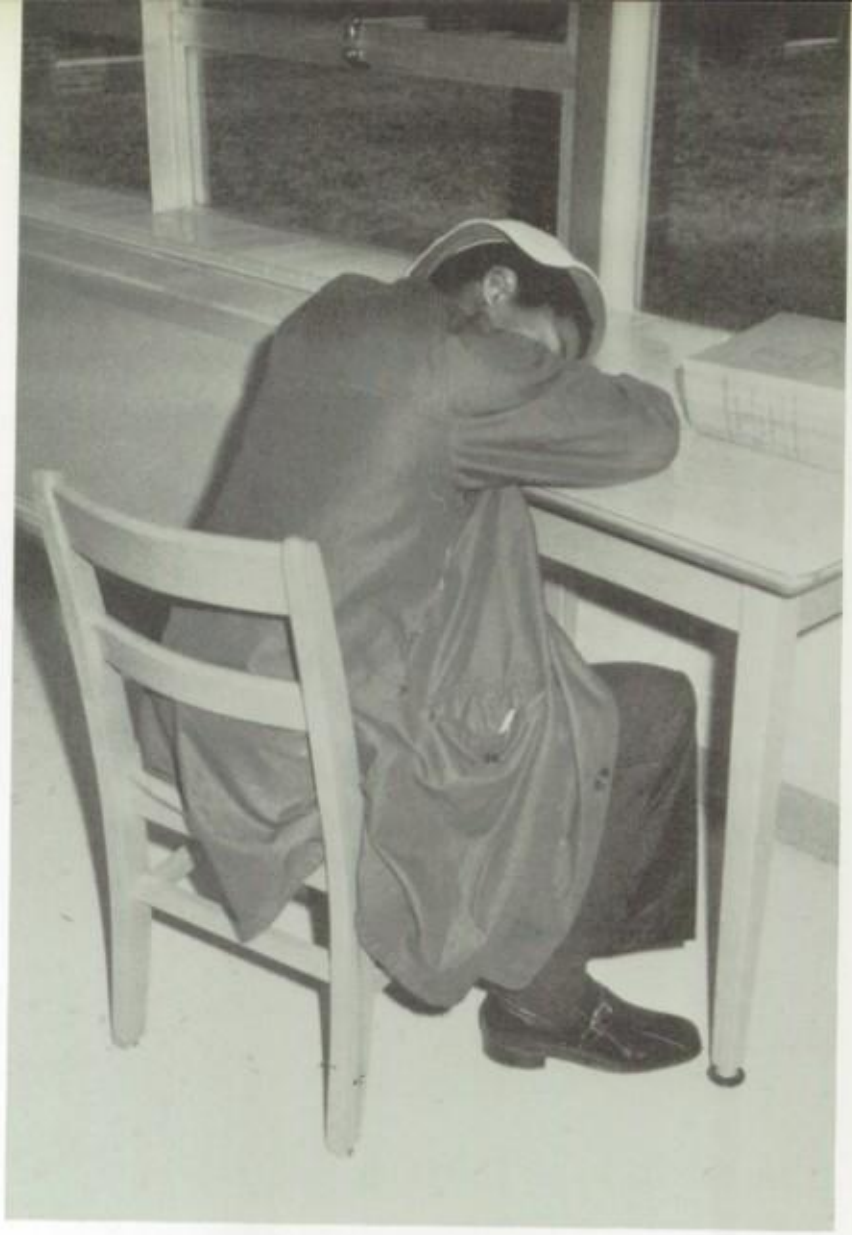




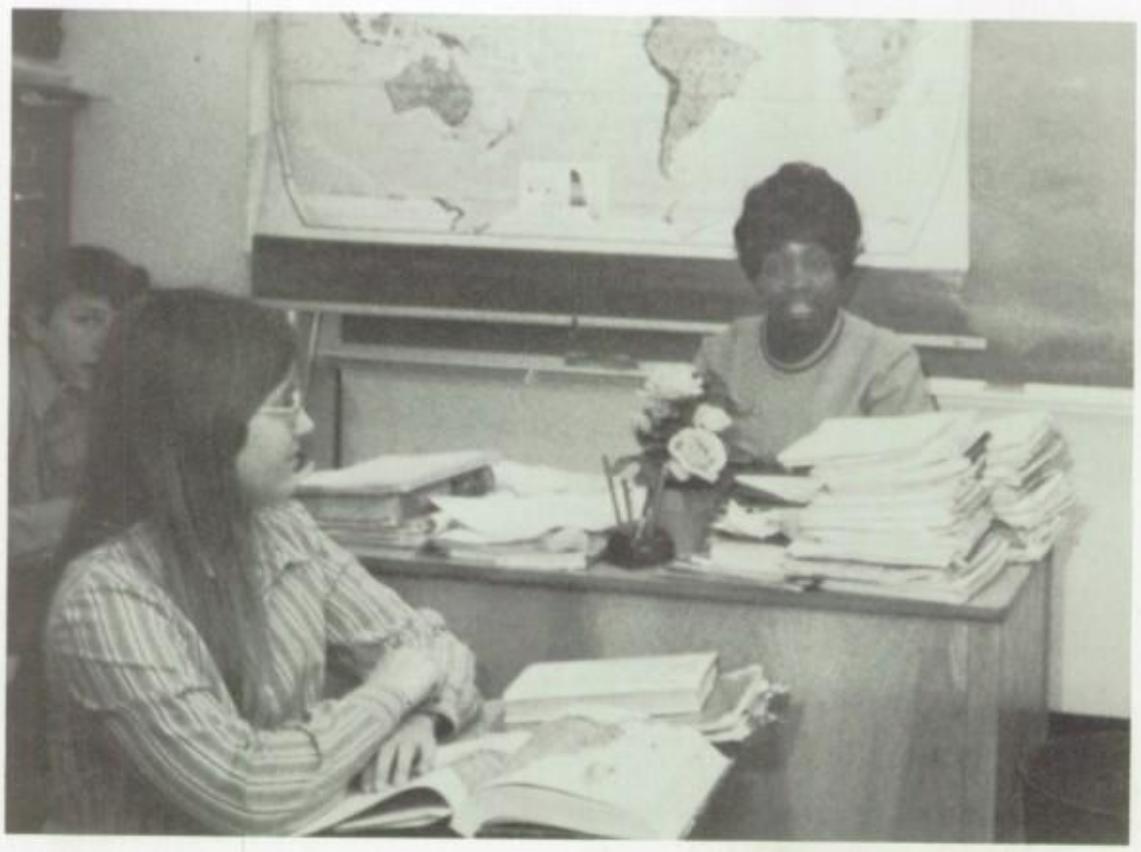


Who are you?
What is the nature of your Self?
The answer never comes at once;
Only through living and searching
Is your Truth discovered.



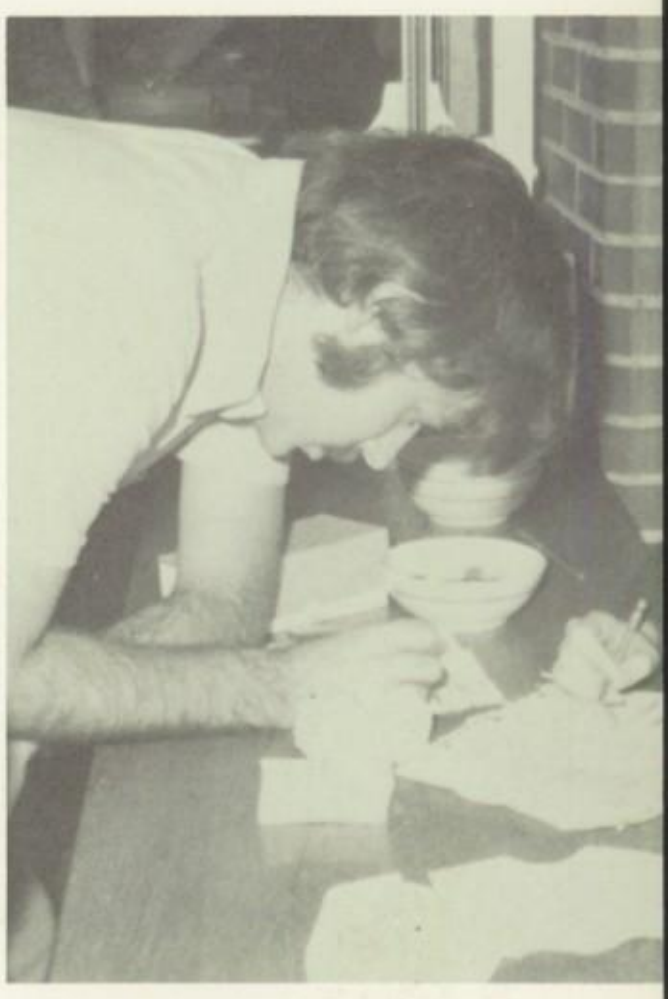


Open your eyes to your heart!



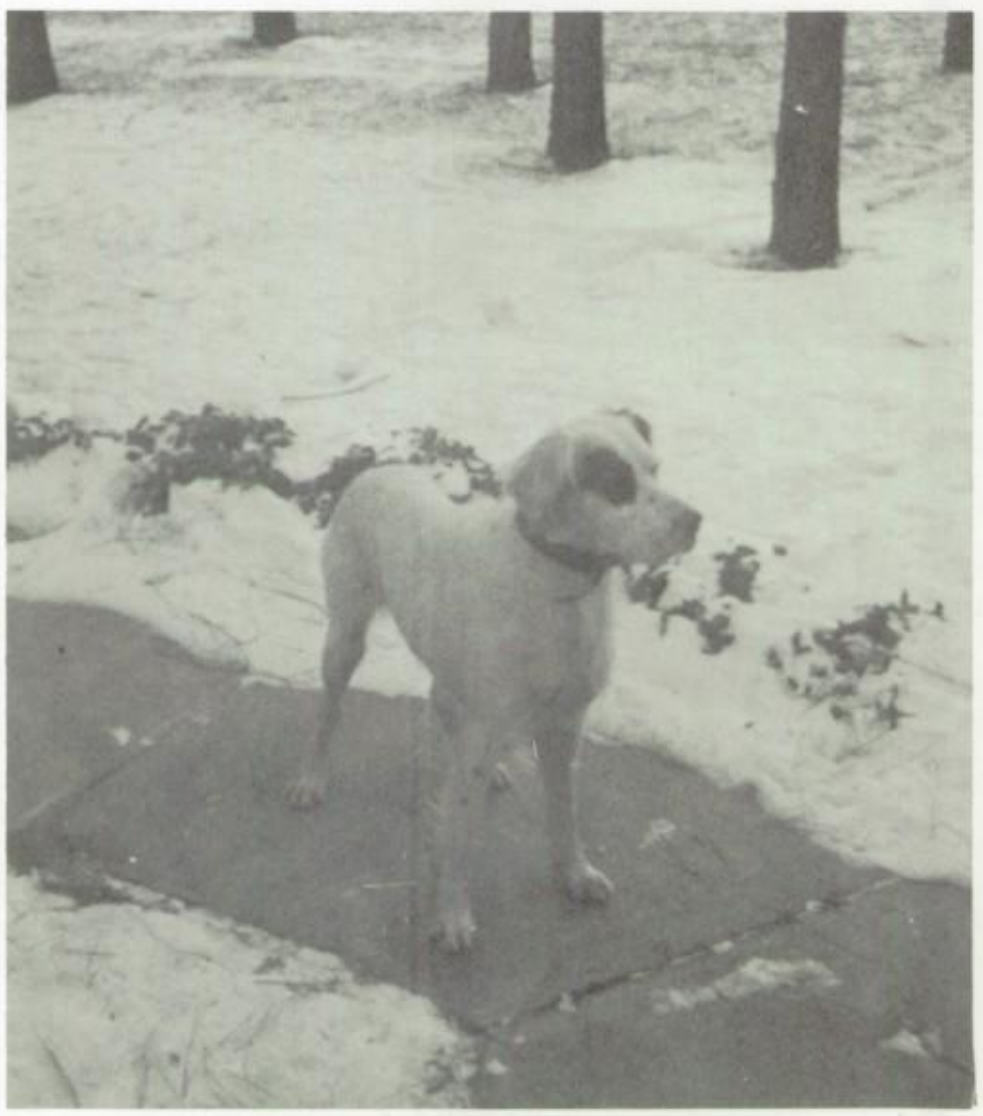
See your Self in its full splendour,

A magnificent, shining example to the world!



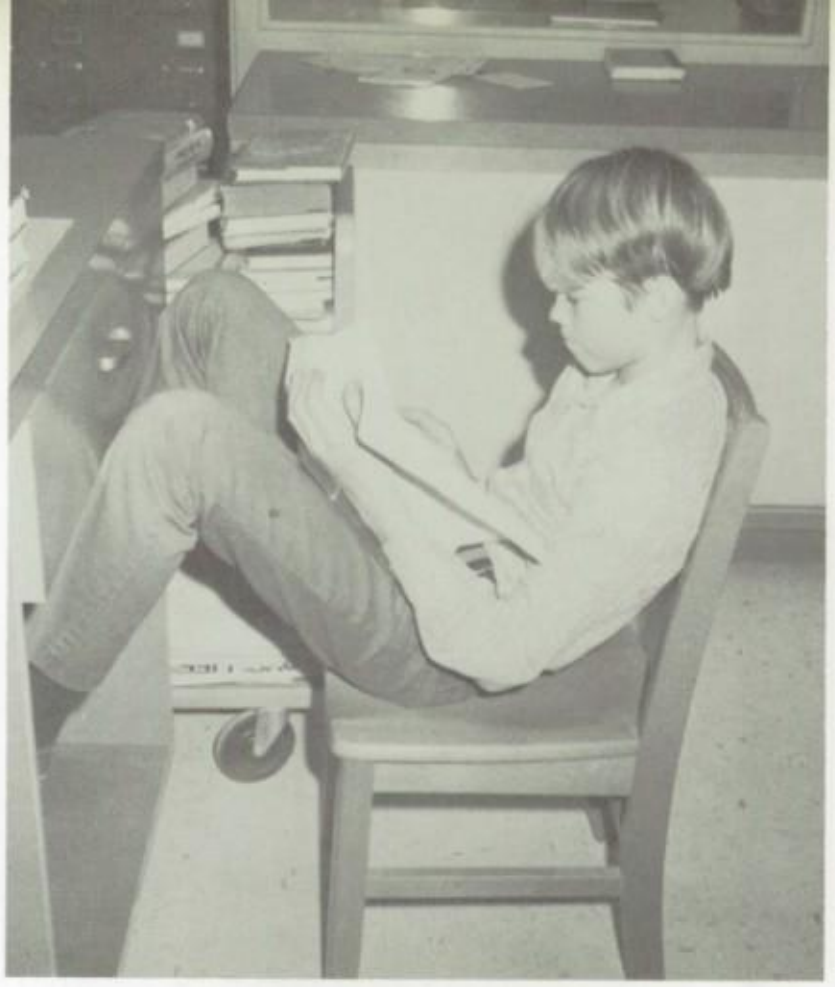
Grasp your Self,

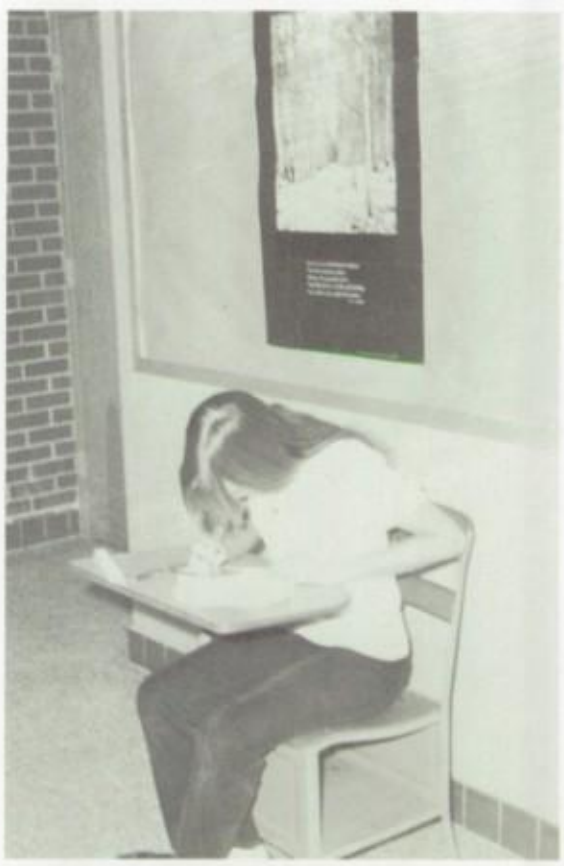
Love your oneness—



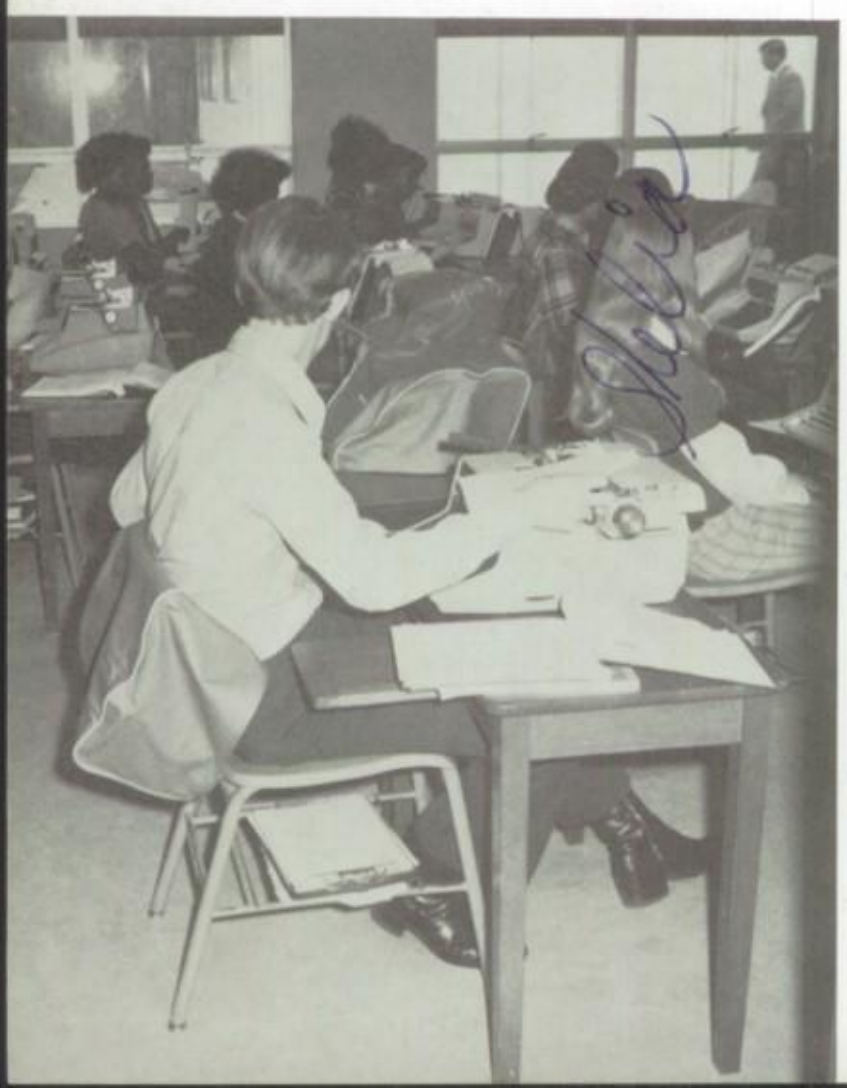
Project yourself, your ideals and thoughts,

Perfect them, shape them according to your soul's promptings.

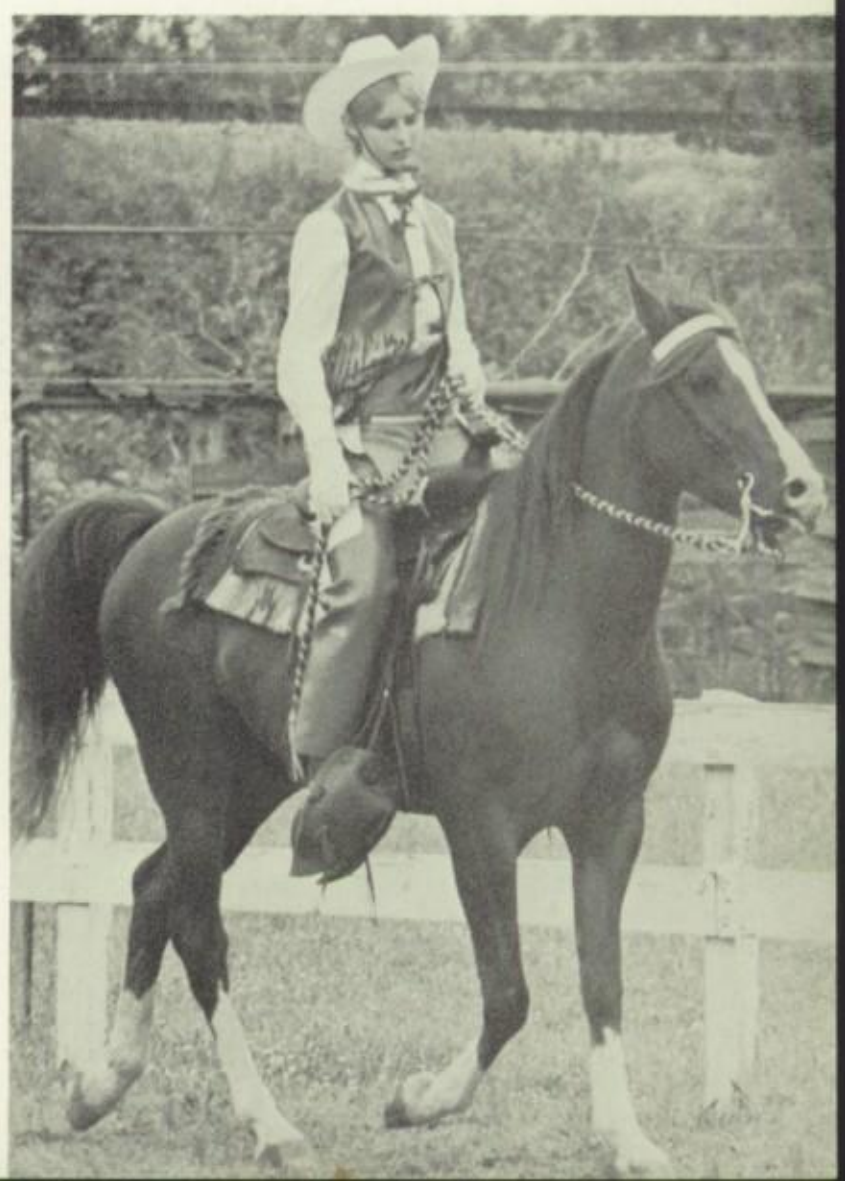


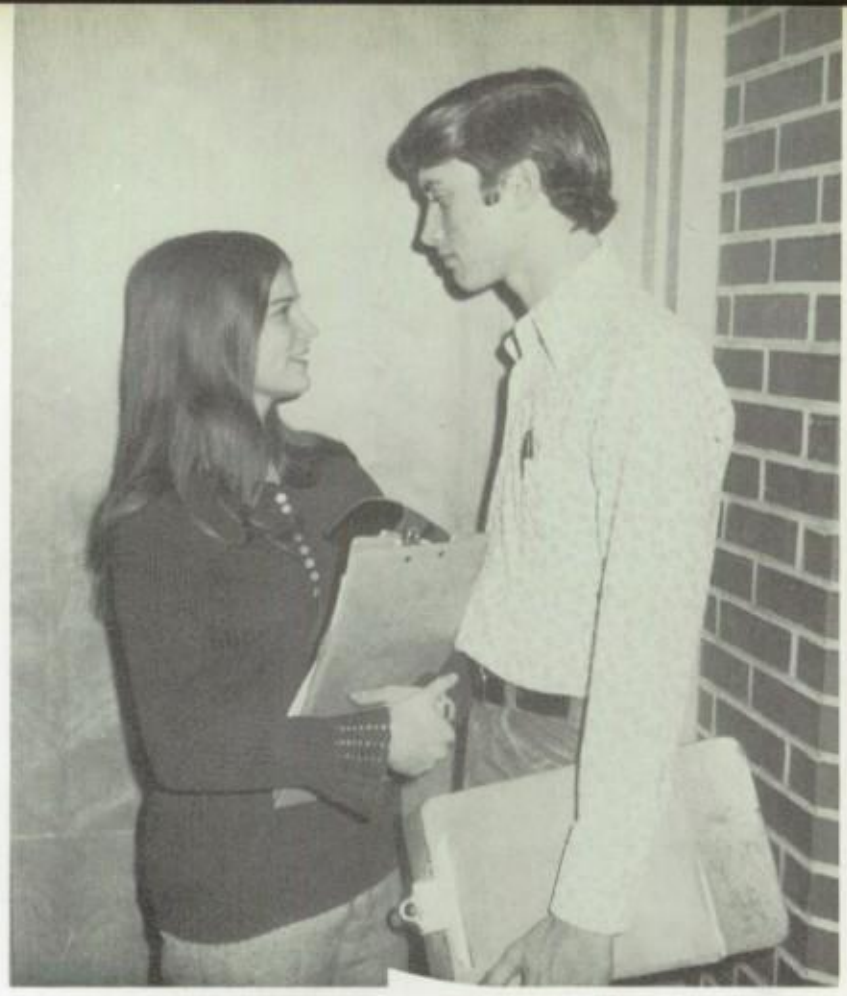


Think, wonder, question; never be satisfied.
There are always new depths of the Self to explore.
The world offers you only glimpses of the Truth,
And these are often riddles.

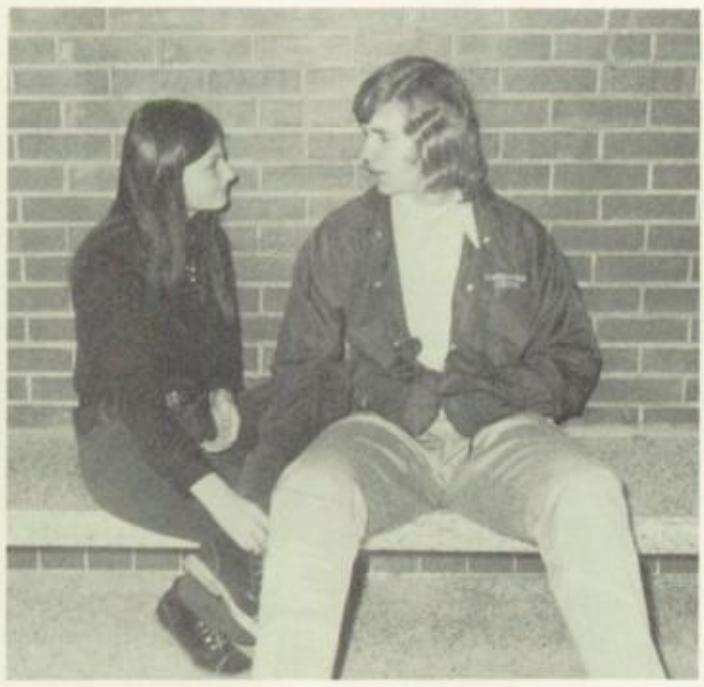


You are you, friend. Don't try to be me or him.
Your soul is you; it is your banner, your crest.
By it, you show yourself to a world of men
Who do not always understand who you are
Or what you stand for.
Let your soul sing its own kind of music.





Find your Self first; then, know your brother
With whom you share the same eternal secrets.
Unite your soul with his, to become one, a larger One,
One part of a still larger Universe.



Brother, tell me of yourself;
Let me listen to your heart beating,
Let me feel the life running through your veins,
And let me rejoice at your Being,
As I do at mine.
We are two single souls, separate and individual,
Yet united under the guiding hand of Truth –
Let us seek out our Father together!

I'm trying to find a way into heaven where I belong, away from Physical Earth, where I don't have to eat, sleep, study, pay taxes, fight wars, or hate. I want to see the Universe first-hand, and to learn all its immortal secrets from the Force that resides there, the Supreme Force. I want to learn how to live.

Tommy:
It's great being in the same English and General Business class with you. The activity was very amusing. If it hadn't been for you and that "big mouth" of yours both classes would have been really boring. Best of luck to a sweet guy. Have a nice summer!

A friend always,
Linda

Tommy, your personality will always make up for your failures. It's been a pleasure to us all, it will stay cool, and good luck to you and Bonnie. (you lucky Bastard)

Tommy,

It's been nice living near you and going to school with you all these years. We've had some good times, have fun this summer and anytime you want your hair cut you know where I live. (or at least try)

Love ya!

Laura

Tommy!
It has been a pleasure getting to know you. This year has really been fun. You have so much potential. But if you don't have to do something you really don't like, you don't have to. Also, I'm sorry about your parents. I'm sure you miss them very much. Remember that you have friends at school that will be there for you. Remember that you have me and Bonnie. Don't be afraid to ask for help. Stay out of trouble. Hope you have a great summer. Keep your head up and remember that you have a future ahead of you. Bonnie and I both love you very much. Remember that you have a friend in Bonnie. You'll be a great person when you grow up. Keep your head up and remember that you have a future ahead of you.

See ya around!

Love!

Kristy

P.S. - When you go to Florida, say "Hi" to Bonnie for me!

Tammy,

You are a T-Total fathead. But I love you for it. I've never seen someone as hard as you try to get attention but I can't believe it works. Smoke one for me in class, (Biology)! What about all those lies of Mrs. Watson? She's just down ridiculous! Hope to see you this summer or maybe at a 4-H meeting (That one's old!).

Always,
